- E. Viewing Ledger information**
 1. Select a patient
 2. Switch between Ledger, Ledger + History, and Treatment Plan views
 3. Switch between Patient, Guarantor, and Family views
 4. Select the Patient Running Balance view option
 5. Select the Show Transaction Links view option
- F. Entering transactions**
 1. Post procedures
 - a. Add, change, and delete a procedure code from the Procedure List
 - i. Select a code
 - ii. Enter treatment area information
 - iii. Edit a Chart Status
 - iv. Edit charge amount
 - v. Select a provider
 - vi. Explain the function of the Do Not Bill to Dental Ins and the Override Proc Flags options
 - vii. Select a Related Referral
 - b. Add, change, and delete procedure codes to the Procedure List using Multi-Codes
 2. Set treatment-planned procedures complete
 - a. Explain the advantages of setting a treatment-planned procedure complete versus editing or re-posting
 3. Post payments
 - a. Enter and edit payment amount
 - b. Select payment type
 - c. Allocate payment
 - i. Explain the purpose and function of the Split Payment option
 - d. Assign the payment to the patient/family
 - i. Explain the purpose of the payment assignment option
 - e. Apply a payment to a payment agreement
 - f. Add, edit, and delete a payment note
 4. Allocate credit balances
 - a. Explain the purpose and function of the Allocating Credit Balances option
 - b. Select family or patient provider balance
 - c. Add a provider

- d. Enter the amount to allocate
 - e. Select allocation provider
 - f. Enter or edit offsetting adjustments
 - 5. Enter and edit batch payments
 - a. Select a patient
 - b. Enter and edit a payment
 - 6. Post adjustments
 - a. Enter an amount
 - b. Select a type
 - c. Select a provider
 - d. Select a patient/family
 - e. Add, edit, and delete an adjustment note
 - 7. Apply finance or late charges for individual accounts
 - 8. Delete finance or late charges
 - 9. Post taxes and discounts
 - G. Editing and deleting transactions**
 - 1. Edit and delete current transactions
 - 2. Invalidate history transactions
 - a. Explain the rationale and procedure for editing history transactions by invalidating a transaction, posting an offsetting adjustment, and posting a corrected transaction.
 - H. Entering Guarantor Notes**
 - 1. Enter, edit, and clear account notes
 - 2. Add account billing statement notes
 - I. Searching for payments**
 - 1. Search for payments using the Search Payments Utility
 - 2. Print the Payments List
 - J. Processing credit cards**
 - 1. Process charges through PowerPay LE
 - 2. Apply credits through PowerPay LE
 - 3. Process and settle charges through PowerPay
 - 4. Apply and settle credits through PowerPay
 - 5. Void charges and credits
 - K. Managing future due payment plans**
 - 1. Explain the purpose and function of future due payment plans
 - 2. Create a future due payment plan
 - a. Select a provider
 - b. Enter initial agreement information
 - c. Enter monthly charge information
 - d. Post a down payment charge
 - e. Edit current plan status

- f. Add and edit a payment plan note
 - g. Print a payment plan coupon book
 - 3. Edit and delete a future due payment plan
 - 4. Post a manual monthly payment charge
 - 5. Process monthly payment charges using the Future Due Payment Plan Update utility
 - 6. Generate the Future Due Payment Plan report
 - L. **Generating Ledger Reports**
 - 1. Generate a Walkout Statement
 - a. Generate a Family Walkout
 - i. Select the Do Not Print Insurance Estimate option
 - ii. Select the Print Doctor Recommendations option
 - iii. Select the Print YTD Finance Charges, Late Charges, and Payments options
 - b. Generate a Walkout/Doctor's Statement
 - i. Select the Print Doctor Recommendations option
 - ii. Select the Print Adjustments option
 - c. Generate an Appointment Card
 - d. Generate an Appointment Reminder Label
 - e. Generate a Family Appointment List
 - f. Add and edit a walkout statement message
 - 2. Generate an individual billing statement
 - 3. Generate a Family Ledger Report
 - 4. Generate a Patient Ledger Report
 - 5. Generate a Referral Recap Report

Accounts Receivable Management (40% of test)

The accounts receivable management portion of the test addresses competence in the following Dentrrix skills:

- Performing monthly financial routines
- Generating patient billing statements
- Managing and tracking collections
- Generating accounts receivables reports

To prepare for the test, you should be able to perform operations and demonstrate understanding of the following detailed tasks and concepts:

A. Performing Monthly Financial Routines

1. Process finance charges
 - a. Explain the purpose and function of the Finance Charge utility
 - b. Apply finance charges
 - c. Delete finance charges
 - i. Delete individual charges
 - ii. Delete all charges posted for an entered date
 - d. Generate the Finance Charge report
2. Process late charges
 - a. Explain the purpose and function of the Late Charge utility
 - b. Apply late charges
 - c. Generate the Late Charge report
3. Process Future Due Payment Plan monthly charges
4. Run the Month End utility
 - a. Explain the purpose and function of the Month End utility
 - b. Run the Month End utility
 - i. Close out a month
 - ii. Purge appointments
 - iii. Reset insurance benefits used
5. Use the Month End Wizard tool
 - a. Explain the purpose and function of the Month End Wizard tool
 - b. Contrast the use of the Month End Wizard tool with the use of the Month End utility

- c. Set up the Month End Wizard
 - i. Set the Close Month options
 - ii. Set Aging Report options
 - iii. Set Finance Charges options
 - iv. Set Finance Charge Report options
 - v. Set Late Charge options
 - vi. Set Late Charge Report options
 - vii. Set Payment Plan Update options
 - viii. Set Billing Statement options
 - ix. Set Analysis Reports options
 - x. Run the Month End Wizard tool

B. Generating billing statements

1. Explain the purpose and use of billing statements
2. Set up billing statements
 - a. Select Practice Information to print on statements
 - b. Add and edit Dunning Messages
 - c. Add, edit, and delete Custom Billing Statement Notes
 - d. Modify Statement Forms
 - e. Select a Default Billing Statement
 - f. Set Statement Count (Print Preferences)
 - g. Activate Provider ID column for statements
 - h. Activate Verify Billing Statements to Sent
 - i. Activate Copy Billing Statements to Document Center
3. Set up QuickBill
 - a. Register for the QuickBill service
 - b. Set up eSync
 - c. Set up QuickBill users
 - i. Enter and edit login information
 - ii. Use the patient newsletter service
 - iii. Use the insert service
 - iv. Using the electronic address correction service
 - v. Select a statement color
 - vi. Indicate accepted credit cards
4. Generate billing statements for printing
 - a. Set the Balance Forward Date
 - b. Select guarantors
 - c. Select providers
 - d. Select Billing Types
 - e. Set the Minimum Balance to Bill

- f. Activate Include Credit Balances
- g. Explain the function and use of the different billing statement information options
 - i. Select Skip Accounts with Claim Pending option
 - ii. Select Include Procs with Claim Pending
 - iii. Select Print Dental Insurance Estimate
 - iv. Select Print Agreed Payment
 - v. Select Print Due Date on Statements
 - vi. Select Print Practice Information
 - vii. Select Print Account Aging
 - viii. Select Allow Credit Card Payment
 - ix. Select If Not Billed Since
 - x. Select Only Bill Accounts Aging
- h. Select the Sort Transaction By option
- i. Select the Report Type
- j. Add Billing Statement Notes
- k. Save Default settings
- 5. Verify Billing Statements
 - a. Navigate the Print window
 - b. Remove a statement from the Print queue
 - c. View and edit Guarantor Notes
 - d. View and edit Account Billing Statement Notes
- 6. Send Statements Electronically
- 7. Print Billing Statements
- C. Managing and tracking collections**
 - 1. Use the Collections Manager
 - a. Explain the use and function of the Collections Manager
 - b. Set up the Collections Manager View
 - i. Select filter options
 - ii. Select columns to display
 - c. Sort the list
 - d. Understand the list
 - i. Explain the information, symbols, and abbreviations displayed in the list
 - e. Refresh the list
 - f. Communicate with patients using the list
 - i. Send an email message
 - ii. Print a Quick label
 - iii. Print a Quick Letter
 - iv. Print batch mailing labels
 - g. Switch to a different module from the list

- h. Copy the list to the Windows clipboard
 - i. Hide a patient on the list
 - j. Access patient information using the More Info button
 - i. Switch to another family member in the More Information dialog box
 - ii. View a selected appointment in the Appointment Book
 - iii. Open the continuing care module
 - iv. Switch to the Ledger
 - v. Create an addressed email
 - vi. Dial a phone number
 - vii. Add an Office Journal entry
 - k. Create a payment agreement from the list
 - i. Use the Payment Agreements button
 - ii. Double-click on a name
 - l. Use the Guarantor Notes button
 - i. View an existing note
 - ii. Add, edit, or delete an Account note
 - iii. Add, edit, or delete a Billing Statement note
 - m. Print the Collections Manager List
 - n. Print mailing labels
- 2. Generate collection letters
 - a. Generate a first notice collection letter
 - b. Generate a second notice collection letter
 - c. Generate a third notice collection letter
- 3. Manage Payment Agreements
 - a. Explain the purpose and function of payment agreements
 - b. Add, edit, and delete payment agreement terms
 - c. Create payment agreements
 - i. Select a payment interval
 - ii. Select payment agreement terms
 - iii. Enter payment agreement payment details
 - iv. Print payment agreement documents
 - Print payment agreement coupons
 - Print a payment agreement truth in lending disclosure statement
 - Print a payment agreement amortization statement
 - v. Add, edit, and clear payment agreement notes
 - Copy payment agreement details to the Payment agreement note
 - Navigate through payment agreement notes
 - Copy payment agreement notes to the Windows clipboard
 - d. Clear payment agreements
 - e. Generate the Payment Agreement Report

D. Generating accounts receivables reports

1. Generate the Aging Report
 - a. Explain the purpose and use of the Aging Report
 - b. Generate the Aging Report
2. Generate the Credit Balance Report
 - a. Explain the purpose and use of the Credit Balance Report
 - b. Generate the Credit Balance Report
3. Generate the Patient Balance Report
 - a. Explain the purpose and use of the Patient Balance Report
 - b. Generate the Patient Balance Report
4. Generate the Provider A/R Totals Report
 - a. Explain the purpose and use of the Provider A/R Totals Report
 - b. Generate the Provider A/R Totals Report
5. Generate the practice advisor - collections report
 - a. Explain the purpose and use of the practice advisor - collections report
 - b. Generate the practice advisor - collections report
6. Generate the practice advisor - production report
 - a. Explain the purpose and use of the practice advisor - production report
 - b. Generate the practice advisor - production report

Insurance Billing & Claim Management Skill Summary (20% of test)

The insurance billing & claim management portion of the test addresses competence in the following Dentrix skills:

- Processing insurance claims
- Tracking insurance claims
- Receiving insurance claims
- Generating insurance claim reports
- Setting up claim defaults
- Setting up electronic claims

To prepare for the assessment, you should be able to perform operations and demonstrate understanding of the following detailed tasks and concepts:

A. Processing insurance claims

1. Create and delete a pre-authorization claim
2. Create and delete a primary insurance claim
 - a. Create primary insurance claims
 - b. Delete primary insurance claims
 - c. Identify conditions that would prevent you from deleting primary insurance claims
 - d. Create primary insurance claims using the Batch Primary Insurance Claims utility
 - i. Identify reasons for not using the Batch Primary Insurance Claims utility to create claims for time spans in excess of a month

 - i. Edit attachments
 - ii. Attach from difference sources including Document Center, Screen Capture, Perio Chart, Dexis (image), and Import File
 - iii. Edit attachment information
 - iv. Remove attachments
 - v. Edit non-electronic information
- 5. Print an insurance claim
- B. Send claims electronically using eTrans**
 - 1. Send claims from batch
 - a. Use the eTrans Validation Report to fix rejection errors
 - b. Send claims individually
 - c. Submit attachments electronically without resending the claim
 - 2. Check Claim Submissions using the eTrans Confirmation Report
 - 3. Generate the Insurance Claims to Process Report
 - 4. Generate the Pre-Treatment Estimates to Process Report
 - 5. Generate the Secondary Insurance Claims Not Created Report
 - 6. Generate the Secondary Pre-Treatment Estimates Not Created Report
 - 7. Generate the Procedures Not Attached to Insurance Report
- C. Tracking insurance claims**
 - 1. Track claims using eClaims reports
 - 2. View claim statistics
 - 3. Track insurance claims with eCentral Insurance Manager
 - 4. Set and edit insurance claim status and notes
 - 5. Generate the Insurance Aging Report
 - 6. Generate the Pre-Treatment Estimate Aging Report
- D. Receiving insurance claims**
 - 1. Enter pre-treatment authorizations
 - 2. Enter insurance claim payments
 - a. Enter primary claim payments
 - b. Update payment table
 - i. Identify conditions for updating the payment table
 - ii. Update payment table
 - c. Apply deductibles
 - d. Enter secondary claim payments
 - 3. Split a primary claim
 - a. Identify the conditions when Split Primary Claim option is available
 - b. Split a primary claim

- c. Identify how to post a partial or additional payment when the split primary claim is no longer an option
 4. Enter an additional insurance payment
 5. Enter adjustments to insurance payments
 6. Enter insurance claim payments using an eEOB
 7. Enter Batch Insurance Payments
 - a. Enter batch payments
 - b. Save and retrieve a Batch Ins. Payment session
 8. Edit a pre-treatment authorization
 9. Edit and delete insurance payments
 - a. Edit insurance payments
 - b. Delete insurance payments
 - c. Correcting insurance payment posting errors in history
 10. Enter Deductible Met/Benefits Used
 11. Add Explanation of Benefits to the Document Center
- E. Generating insurance claim reports**
1. Generate the Utilization Report for Dental Insurance
 2. Generate a Blank ADA Form
- F. Setting up claim defaults**
1. Set the default Signature on File options for new subscribers
 2. Add, edit, and delete insurance claim formats
 3. Assign claim formats to insurance plans
 4. Add and edit Provider Insurance IDs
 5. Set default Provider Signature options
 6. Set up default Insurance Claim Providers
 7. Set up default Insurance payment options
 8. Set up claim remark custom notes
 9. Set up direct processing options
 10. Set up fast checkout options
- G. Setting up electronic claims**
1. Set up electronic claims
 2. Set up eEOBs
