Once you click on the back arrow from the training system; you'll see the following. At this stage, don't close Bola; keep it off to the side of Dentrix for now.

Step 5: SETUP DENTRIX

Now, open up Dentrix and temporarily keep Bola off to the side while making this change with Dentrix. Go to the "Script" and from the drop-down menu, choose "Bola Migration Path".

Step 6: Prior to testing the mic, Bola and Dentrix will need to be side by side to work properly. See below.

Step 7: Now that Bola and Dentrix are side by side, you're ready to test the mic.

Step 8: Now that the mic is red, you're able to chart with Bola.

Step 9: Bola is now ready for the Hygienist to start charting in the training system. To access the "Training System" click on "Help"

′oice Perio

Step 10: Click on "Training System"
