

The new Dentrix virtual workshops provide you with the benefits of a live, trainer-led class without the time and expense of travel. You'll get live feature demonstrations, hands-on practice time, and a workbook with step-by-step instructions. Best of all, you can attend a virtual workshop at a time and place that fit your schedule—all you need is two hours, a phone, and a computer with an internet connection.

Practice Success

TREATMENT PLANNER BASICS

Create and present treatment options for patients.

The Dentrix Treatment Planner is the go-to location for creating, organizing, and documenting patient treatment plans. Learn how to organize procedures into treatment cases, set up visits for those procedures to be completed, and how to offer patients alternatives to treatment when applicable. Discover how to update the status of a case, document consent, view case status history, refer cases to another provider, and much more.

This workshop is a live, online course with hands-on practice and optional lab time. Attend this class if you want to get a better understanding of how to use the Dentrix Treatment Planner to create and organize patient treatment plans, and how to document the process from diagnosis to completion. You will receive an email with the class workbook and links to join the workshop after you register.

LENGTH: 2 HOURS + OPTIONAL 1 HOUR OF LAB TIME | PRICE: \$149 | CLASS SIZE: MAX 10

WHAT YOU'LL LEARN

TREATMENT CASE SETUP

Learn how to identify the default treatment case, organize procedures by visit, and create new treatment cases and alternatives. You'll also learn how to set a recommended case and assign severity to a case so staff will know which cases should take priority

PRINTING TREATMENT CASES FOR PATIENTS

Learn how to set up and print treatment cases for patients to review. Learn how to add patient-friendly descriptions to procedures, making them easier to understand. You'll learn how to add a consent for treatment to a patient's case, and how to sign and view it. You'll also learn how to refer a treatment case to another provider and how to print a referral slip.

WHO SHOULD ATTEND

This online workshop is for you if you:

- Are a member of the clinical staff responsible helping document and chart treatment-planned procedures
- Need an understanding of how to create, organize, or edit treatment plans
- Want to learn how to document treatment alternatives for a patient
- Want hands-on training in a virtual classroom with a certified Dentrix trainer
- Need an opportunity to build your Dentrix skills without traveling to a class

TOPICS AT A GLANCE

- Creating or renaming a treatment case
- Ordering procedures by visit
- Creating treatment alternatives
- Linking cases
- Setting case severity
- Updating treatment case statuses
- Viewing case status history
- Referring a case to another provider
